JUNIOR SOFTWARE DEVELOPER

WEB DEVELOPMENT ● SQL ● ANALYTICAL

- Applied HTML/CSS, foundational Python, SQL and JavaScript skills in academic projects involving student data management, database design and user-focused web interfaces.
- Collaborated on SecureTrack, an RFID asset-tracking solution, producing requirements, UML and system-design documentation for controlled laboratory environments.
- Built and configured Linux server environments using CentOS, VirtualBox, NGINX, MariaDB, SSH and SFTP during a team infrastructure project.
- Developing advanced Java, full-stack web development and AI systems-design knowledge through current Software Engineering Technology–AI coursework.
- Adapt quickly to unfamiliar systems and procedures while maintaining accurate records, customer support and privacy-conscious onboarding in fast-paced roles.

TECHNICAL SKILLS

Web Development: HTML, CSS, JavaScript
Programming & Data: Python (foundational), SQL, Oracle Database
Systems & Tools: Linux/Unix, CentOS, VirtualBox, NGINX, MariaDB
Development Practices: Git/GitHub, UML, SRS, SDLC
Productivity: Microsoft Word, Excel, PowerPoint

EDUCATION

Software Engineering Technology – Artificial Intelligence (Co-op) Advanced Diploma Sept. 2025 - Present
Centennial College, Scarborough, ON Expected Graduation: April 2028
Cumulative GPA: 3.909/4.5

RELEVANT COURSEWORK

Advanced Java Programming | Full-Stack Web Development | AI Fundamentals
AI Systems Design | Database Concepts (SQL) | Linux/Unix OS

ACADEMIC PROJECTS

Style Sphere Outfit Generator Fall 2025

- Designed an interactive weather-based outfit generator using HTML, CSS and JavaScript.
- Implemented DOM manipulation and conditional logic to generate coordinated tops, bottoms, footwear and accessories.

SecureTrack RFID Asset-Tracking System Winter 2026

- Collaborated with a five-member team to define requirements for an RFID asset-tracking solution for controlled laboratory environments.
- Authentication, equipment movement approval and alerts for unauthorized equipment removal.

OTHER EXPERIENCE

Merchandiser / Fixture Installer Jul. 2026 – Present
DAVACO, Oakville, ON

- Executed retail-transformation plans by interpreting project instructions, repositioning fixtures, reflowing merchandise and verifying completed layouts met operational requirements
- Coordinated with on-site and remote supervisors to resolve implementation issues, adapt to changing site conditions and complete assignments safely and accurately.

PROFESSIONAL DEVELOPMENT & CERTIFICATIONS

WHMIS, AODA, Smart Serve, Food Handler, and Worker Health and Safety training.
